

Rules of the Hawkins System[®]

1. Points are earned for AKC licensed and member all-breed and specialty shows for group placements (including Best in Show), Best of Variety (BOV), Best of Opposite Sex to Best of Variety (BOS to BOV), Best of Breed and Best of Opposite Sex to Best of Breed (BOS to BOB). No points are awarded for irregular classes, groups, shows or any awards given that are not open to all.
2. Bonus points are awarded per the below tables regardless of whether or not the minimum entry requirements for that variety are met.
 - a. All Breed Shows: Bonus points for all breed shows are awarded for BIS or group placement and are based upon the total number of dogs actually in conformation competition for that show. Limited Breed (LB) and designated specialties (DS) are All Breed shows as BOB is not judged at these types of shows.
 - b. Specialty Shows:
 - 1) Bonus points for BOB are based upon the total number of collies actually in conformation competition for that show.
 - 2) The collie awarded BOS to BOB shall be awarded a bonus per the same table except that the total number of collies of that sex is used.
 - 3) If the collie awarded BOV is not also the BOB winner and the collie of the same variety is awarded BOS to BOB, that BOV winner shall be awarded the same bonus awarded to the BOS to BOB winner.
3. Variety points are awarded for rough collies if and only if the total number of roughs actually shown exceeds nineteen (19) and for smooth collies if and only if the total smooths actually shown exceeds seven (7). The BOV winner is awarded points equal to the number of collies shown at that show in their variety and the BOS to BOV winner shall receive points equal to the number of collies of their sex actually shown in their variety at that show. Although the minimum total shown for the variety must be satisfied, points awarded for BOS to BOV do not have a minimum entry within their sex. To receive points that collie must be a champion of record or Best of Winners at the time of the win.
4. Collies are ranked in descending order of total points received.
5. American Kennel Club Event and Awards is the final and official source for show results and only those shows are used for which AKC publishes complete show results and data. No changes are made until and unless AKC results are changed. No points are given for special events, awards, placements, etc., or for any placements that exclude some or all otherwise eligible dogs or collies entered for competition such as reserve BIS, select dog/bitch, etc.
6. The Hawkins System is independently owned whose owner shall adjust the rules and point schedules consistent with the design and intent of the system. Any substantive changes to point schedules, minimum entry requirements, etc., shall be announced no later than October to be effective at the start of the next calendar year. Changes are not applied retroactively.
7. Comparison of results between roughs and smooths is not valid and not performed.
